Support Schemes to the needy students

Although, of the total enrolment, above 40% students are covered under the various scholarships, freeships provided under the government schemes, the institution being located in rural and drought prone area, the students coming from farmers and economically weaken families are faced with the financial problem of meeting the uncovered expenses under the scholarships/freeships, commuting and other incidental expenses.

At present, besides these scholarships/concessions, the institution gives the concessions in fees by way of waiving in full/part, remittance in installments, support through Student Aid Fund, financial support from faculty and staff.

To formalise the modes of concessions and informal way of providing financial aid which are in place; and to enhance the spectrum of the financial support to the needy students coming from economically weaker families; thereby enabling them to pursue higher studies, the Institution proposes to initiate the 'Institutional financial support scheme with the objective of providing financial support to the needy students, covering the uncovered part of the college fees, commuting cost and incidental expenses borne by the students.
